Biographical Sketch:

Francis (Frank) H.A. Collins was born on February 18, 1899 in London, England. In 1906 his family immigrated to Canada, settling in Montreal. By the time Collins was 12 he had left school to gain employment to assist his family. Later in life, Collins gained employment with Canadian National Railway, working predominantly as an auditor for the Passenger Accounts Department in Montreal. During World War II Collins served overseas for 6 years, and then returned to his job with the C.N.R. In 1959 Collins took an early retirement and moved to Saltspring Island, where he lived until moving in 1969 to Kamloops. Collins settled briefly in a house in Hefley Creek before moving into Kamloops to live in the Glenfair Retirement Community. During his time in Kamloops Collins was instrumental in improving the accessibility to Peterson Creek Park, working particularly to develop the trail system, and a memorial plaque was installed in the Park in his honour in 1986. Francis H.A. Collins died on November 8, 1984 at 85 years of age. He was posthumously awarded the Kamloops Centennial Medal in 1993.
