**Title:** Kamloops and District Fish and Game Association fonds

**Dates of Creation:** 1951-1982

**Physical Description:** 2.23 m of textual records and ca. 4 cm of photographs

### **Administrative History:**

**The Kamloops and District Fish and Game Association** was established in 1918 as the Kamloops Fish and Game Club to promote fishing and hunting, and to protect the area's wildlife resources. The Association's roots trace back to 1905, when a Game Protection Association was planned by members of the community, but the first official annual meeting and election did not occur until February of 1918. From the outset the club undertook various activities to promote its interests, such as holding shooting competitions, investing in fish hatcheries and wild game breeding initiatives, and sponsoring an annual game banquet. By 1937 a junior club was evident, and many father-son events became part of the association's regular schedule. The Association continues to operate today by hosting competitions and regional meetings, participating in local events, liaising with wildlife interest groups throughout the province, and providing information on game and wildlife to the community.

### **Scope and Content:**

Fonds consists of correspondence, meeting minutes, financial records, newsletters, membership books, research materials, and ephemera related to the operations and activities of the Kamloops and District Fish and Game Association.

### **Custodial History:**

Materials from this fonds were donated to the Kamloops Museum and Archives in three batches in 1984 by Bob Sundquist, the then-current president of the Kamloops and District Fish and Game Association, and accessioned as 1984.010, 1984.022, and 1984.077.

### Notes:

**Source of supplied title:** Title based on contents of fonds.

**Arrangement:** Materials from accession 1984.010 were in a semblance of order when they were donated to the Kamloops Museum and Archives, as per an included inventory, but final organization of records had not been completed. On review of the records it was clear that some rearrangement of the records had occurred during reboxing by previous Archives staff. During processing in 2018, records were separated into three series, based on the groupings apparent in the original arrangement – Correspondence and Minutes, Financial Records, and Other Records. Within this arrangement all original file separations were maintained. Records in the Correspondence and Minutes and Financial Records series were arranged chronologically wherever possible. Records in the Other Records series maintained their original order wherever possible. Materials from accessions 1984.022 and 1984.077 had previously been placed in the Vertical Files collection, and were accrued to this fonds during processing in 2018.

**Access restrictions:** No restrictions on access. The archivist reserves the right to restrict access to any fragile material for preservation purposes.

**Terms governing use and reproduction:** No reproduction permitted without consent of copyright holder. It is the researcher's responsibility to obtain permission for the reproduction of materials for publication or dissemination.

**Finding aids:** File list is available for this collection.

**Accruals:** Further accruals are possible.

**Treatment Note:** Materials in file 1984.010.003.016 were removed from a binder.

**Related materials:** See Artifact Collection and Photograph Collection for additional materials donated with accession 1984.010.
