Title: Western Rivers Improvement Company collection

Dates of Creation: 1907

Physical Description: 0.25 cm of textual records

Administrative History:

The Western Rivers Improvement Company was established in Kamloops, B.C. in 1906 by James C. Shields, a local sawmill owner. Like its predecessor, the Thompson River Improvement Company (also owned by John and James C. Shields and their business partners), this new company also sought to operate a log boom and carry out related logging activities on the Thompson River's junction at Kamloops. A bill for incorporation of the company was discussed by Parliament and the Senate in 1907, but it is unclear whether the company was incorporated.

Scope and Content:

Collection consists of correspondence related to the incorporation of the Western Rivers Improvement Company.

Custodial History:

Accession 0.3096 has no available donor information. Records were formerly placed in the Vertical Files collection and were brought together as a distinct collection during reprocessing in 2020.
